

YWEA 2018 European Renaissance

Sending the Light Across Europe

MYYWEA.COM

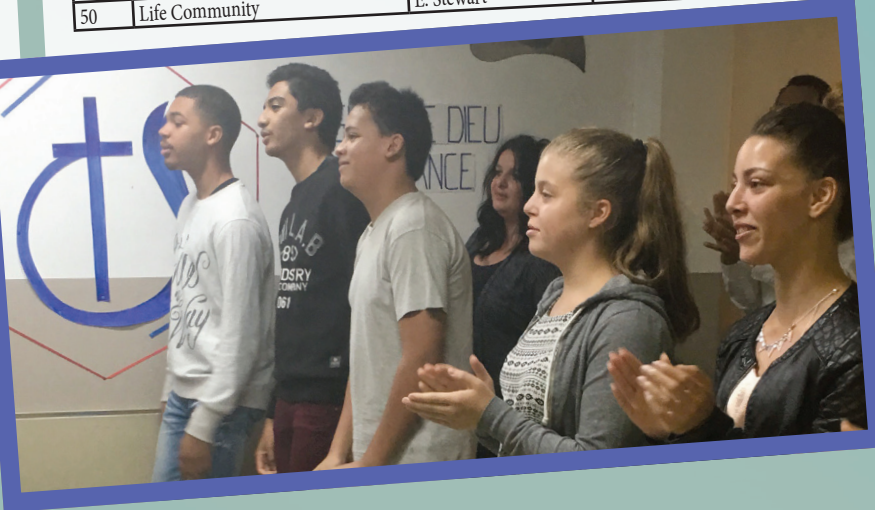

WHY DID WE CHOOSE THE EUROPEAN RENAISSANCE 2018?

Young people have raised over 36 million dollars in the last 55 years through YWEA. Each project takes on its persona and meaning. We believe that the light of Christ that once shone brightly across Europe is a dimly lit candle today. If there has ever been a time for the light to shine brightly, it's now! With terrorism on the rise, millions of refugees seeking safety, and need for church planters at an all time high, YWEA will join forces with World Missions and ignite the light across this region of the world. We are asking God to bring revival, renewal and spiritual awakening to the people of Europe!

YWEA / YOUTH MISSIONS

YWEA began 55 years ago as a cooperative effort between Youth & Discipleship and World Missions. Over 58 projects have been completed and over \$36,000,000 raised by Church of God young people. It is the youth missions arm of the Youth & Discipleship department which includes:

- Funding & Supporting Global Youth Ministries
- Building Ministry Training Centers
- Rescuing & Caring for Children in Europe
- Conducting Leadership & Discipleship Training
- Planting New Churches
- Inner-City Outreach
- Building & Supporting Orphanages
- Disaster Relief

Thank You

Since 1961, over 34 million dollars has been raised by Youth World Evangelism Action. Through this program lives have been changed, pastors trained, and churches built throughout the world.

There is no place on the globe where the sun sets on YWEA.

known globally as a "Sin City" where drugs and prostitution flourish. Another mega-city in darkness is Amsterdam. This city is... The church of God currently has less than 20 churches in the country of France. The population of the metropolitan area surrounding Paris is home to over 10 million people who are in desperate need of vibrant churches and individuals across America. We encourage pastors and leaders to support this vital initiative by praying for Europe and making a commitment to YWEA 2018. By planting churches and sending the Light Across Europe to only the light of truth and offering the spiritual assistance of local Orphanages providing for over 130 boys and girls. At our streets and seeking refuge in the underground sewage tunnels. thousands of orphaned and abandoned children living on the country's young children increases, neglect, and exploitation in addition to drug use to alcohol. The mistreatment, neglect, and exploitation of innocent children that are neglected, abandoned, and lives for innocent children that are neglected, abandoned, and alcohol is the leading cause of death for men and most women, this country has also been the worst affected nation by HIV/AIDS. An example of this is found in the European country of Ukraine. The effects have been catastrophic with the loss of lives among women due to alcohol. 22% of women have been left with the loss of their lives due to alcohol. A staggering 22% of women have been left with the loss of their lives due to alcohol. A staggering 22% of women have been left with the loss of their lives due to alcohol. The spiritual decline in Europe over the past 30 years has created spiritual darkness that has far-reaching effects. The percentage of Christians in several European countries is now less than 5%. During the same period of time, the number of atheists and agnostics have greatly increased. Between 2008 and 2013, approximately 1.52 billion of Protestant and mainline churches closed in Europe and the need for new wave Church planters is crucial so we can send the light of Jesus across Europe.

Ukraine on the verge of financial and spiritual bankruptcy. While spiritual decline has been the children of Europe. Often a soulless culture that lacks hope, seeks alcohol or drugs to try and cope with the voids and pains of life. An example of this is found in the European country of Ukraine. A staggering 22% of women have been left with the loss of their lives due to alcohol.

However, possibly the hardest hit group during this drastic Ukraine orphanage. The spiritual decline in Europe over the past 30 years has created spiritual darkness that has far-reaching effects.
